AMERICAN DEFENSE DAY TO BE OBSERVED

PRESIDENT AD CLUB RECEIV-
ES LETTER ASKING THAT
THIS BE DONE

DECEMBER 6TH

Has Been Designated As the Day
By Defense Society—No Plans
for Anderson Yet.

Mr. Harry Gelsberg, president of
the Anderson Ad club, has received
the following letter from the Ameri-
can Defense society, Inc. No action
has been taken on this matter in An-
derson yet. The letter asks that De-
cember 6 be observed as American
Defense Day in Anderson.

The letter follows:
"Nov. 15, 1915.

"President Ad Club
Anderson, S. C.

"Dear Sir:

"The American Defense Society has
officially designated December 6th,
which marks the opening day of con-
gress, as American Defense day
throughout the country. On this day
we have made arrangements to have
demonstrations in every city in the
country through the co-operation of
the governors, mayors, boards of
trade and our local committees.

"We are very anxious to have you
cooperate with us in making this
date stand out as a country-wide de-
mand for a better national defense.

"Enclosed you will find a press
slip which we earnestly request you
to distribute to the press. Such ac-
tion on your part will be a very
valuable contribution to our national
campaign.

"Respectfully yours,
"J. F. Hubbard,
"Chairman, Committee on Organiza-
tion."

The following press notice has
been received:

Monday, December 6th the opening
day of congress, has been named by
the Defense society as "Defense
Day" throughout the United States
the most timely occasion for holding
mass meetings and addressing letters
and telegrams to congress on behalf
of better national defense.

In case there is an earlier meet-
ing of congress the opening day will
then be chosen for "American De-
fense Day."

In order to make the occasion an
impressive one, the American De-
fense society has requested the co-
operation of the board of trade of the
various cities, asking that they desig-
nate this day as a flag day over the
city of Anderson, on which day all
citizens who are in favor of a great
or national defense are urged to re-
quested to show such belief by hang-
ing out flags at every house.

At the same time the American De-
fense society is distributing a card
appeal to be signed by voters and
sent to their respective congressmen
and senators urging action at the
next session of congress in favor of
adequate national defense. Cards
may be had upon request at the na-
tional headquarters of the American
Defense society, 309 Fifth Avenue,
New York City.

Cure of a Liar.

A young lady who hoped very badly
was treated by a specialist, and af-
ter diligent practice and the expendi-
ture of some money, learned to say:
"Sister Susie's sewing shirts for sol-
diers."

She repeated it to her friends at a
private rehearsal and was congrat-
ulated upon her masterly performance.
"Yeth," she said blushing, "but it
isn't an exceedingly difficult re-
mark to work into a conversation—
especially when you consider that I
have no tither Thuthin."—Cur-

WILL RESUME WORK AT BROGON MILL MONDAY

ANNOUNCEMENT BEEN MADE
WILL START NEXT
WEEK

GOV'T OFFICIALS

Played Important Part in Causing
Adjustment of Differences—
Have Returned North.

Mr. Jas P. Gossett announced
yesterday that the Brogon mills would
resume operations on next Monday af-
ternoon at 1 o'clock, the differences
between the strikers and the manage-
ment having been amicably settled.

The details of the agreement have
not been given out for publication
but it is known that ten operatives
who live at the mill will have to
move. The mill will be put in readi-
ness for work this week by a suffi-
cient number of employees who will
be selected by the superintendent,
all of these to be white hands ex-
cept such colored hands as shall be
necessary to scrub and clean toilets.
The agreement provided that all pic-
kets and tents should be removed
from the mill premises and this has
already been done.

The conciliators in this matter,
Borheim and Colpoys of Washing-
ton, D. C., and Mr. Smoke Thomp-
son, representative of Governor Man-
ning, have been instrumental in
bringing about this settlement and
held several conferences with the
management and operatives on Mon-
day, which resulted in a satisfactory
adjustment.

Messrs. Bondheim and Colpoys left
the city yesterday afternoon.

SOUTHWILLAMSTON

Despite the inclement weather last
Tuesday evening the little city of
Williamston was astir with interest
over the official opening of the com-
munity home at the Williamston mills.
This attractive building with its beau-
tiful play grounds is supported by the
national government under the Lever
bill to a certain extent and the bal-
ance is maintained by the mill
management. The community home
is one of the mill cottages overhauled
and is one of the most attractive
houses to be found in any mill vil-
lage and is well lighted. The furni-
ture is mission and was made by local
carpenters and is nice enough for any
home. It consists of book cases, tables,
stands, umbrella racks, etc. The
work that has been done on the build-
ing and play grounds was in charge
of our superintendent, Mr. W. M.
Sherard, assisted by Miss Maggie Gar-
lington of Anderson, who will be in
charge of the work.

Several of the speakers were pre-
vented from coming on account of
the bad weather. However, the even-
ing was most pleasant and every one
of those connected with the mill both
managers and operatives, could not
hide the evident pride they felt in the
institution, which was a token of a
progressive and kindly community
spirit and the institution of a useful
building, which would teach better
methods of home maintenance, better
preparation of food, better care of in-
fants, living conditions generally.

Mr. J. P. Gossett, president of the
mill, presided at the meeting and
Maj. William F. Robertson, secretary
of the Greenville chamber of com-
merce, was presented as the first
speaker. His remarks pertained
largely to community cooperative
spirit and stressed the fact that only
when this spirit of working together
existed for manufacturing enterprises
in communities could progress and
prosperity be expected. Next Miss
Mary E. Fraser of Winthrop college,
who has general charge of the work,
made a very interesting talk. Miss
Garlington also spoke.

During the evening most excellent
music was furnished by the First
Regiment band.

Mr. Gossett at the closing thanked
all the workers who had done much
to make the building and its furnis-
ings possible and assured all that
would take part in this work that his
interest and cooperation could at all
times be counted upon.

THOMPSON'S

The One Price Shoe Store We Sell For Cash Only

We Hear of Proof Like This Often

"Speaking about advertising," said Mr. Eabb of March-
banks & Babb yesterday, "that ad of ours in Sunday's In-
telligencer certainly was read widely, we have heard from it
from several sources; that dinner set, packed in the barrel in
that automobile here, I am almost sure was sold as a result
of that ad. Quite a few came in yesterday and asked to see
that Gorham Silver plate that we had advertised Sunday;
we are confident of selling one or two of these parties who
enquired yesterday about that Gorham Silver plate; and an-
other thing about that ad, one party told us yesterday that
she knew of a set of that Gorham Silver plate that had been
in use in Anderson for over thirty years."

Another instance which happened yesterday, which tends to
prove that advertising in The Intelligencer gets results is the ex-
perience Mr. Walter H. Keese had with several customers early
Monday morning. Mr. Raymond Cochran of Walter H. Keese &
Co. wrote an ad for the Sunday Intelligencer, in which they adver-
tised a Seven Jewel Elgin Watch, in a twenty year case for seven
dollars and a half. Before Mr. Cochran reached the store sev-
eral customers came to buy this watch, and as the price was very
low for this watch, and as some one had taken Mr. Keese's Sunday
paper before he had seen it, he was rather skeptical about the price.
As soon as Mr. Cochran reached the store, he cleared the situation
up O. K. and the customers got their watches at the low price.
